**My Canadian
Time Capsule**
Hands-On Moments of Canadian History

"CANADIAN HISTORY IS BORING."

LET'S CHANGE THAT.

My Canadian Time Capsule is a 12-month hands-on, interactive unit study program that focuses on various moments in Canadian history. The goal of each capsule is to immerse yourself into that single moment and take a look around - through activities like mapping, videos, reading, crafts, webquests, art, writing, and more. The intention is to get you and your children excited, interested, and learning that

Canadian history isn't boring after all.
